My name is Bhoomika Gautam. I am pursuing BCA from IILM University, Greater Noida.

I have strong skills in Python, R, NumPy, Pandas, Excel, and Power BI, and I have worked on small projects like sales dashboards and data cleaning in Power BI and Excel.

I am passionate about solving problems through data and aim to build my career as a Data Analyst in a reputed company.

Apart from academics, I am a quick learner, disciplined, and always curious to explore how data can help businesses grow.
